Advancing Net Zero

2013

BETTER PLACES FOR PEOPLE

Buildings support **healthier** and **happier** lives for those who occupy them.

2016

Advancing Net Zero

Our revolutionary project to ensure all buildings are net zero by 2050

Image: Nic Lehoux for the Bullitt Center

100% of buildings should be net zero by **2050**

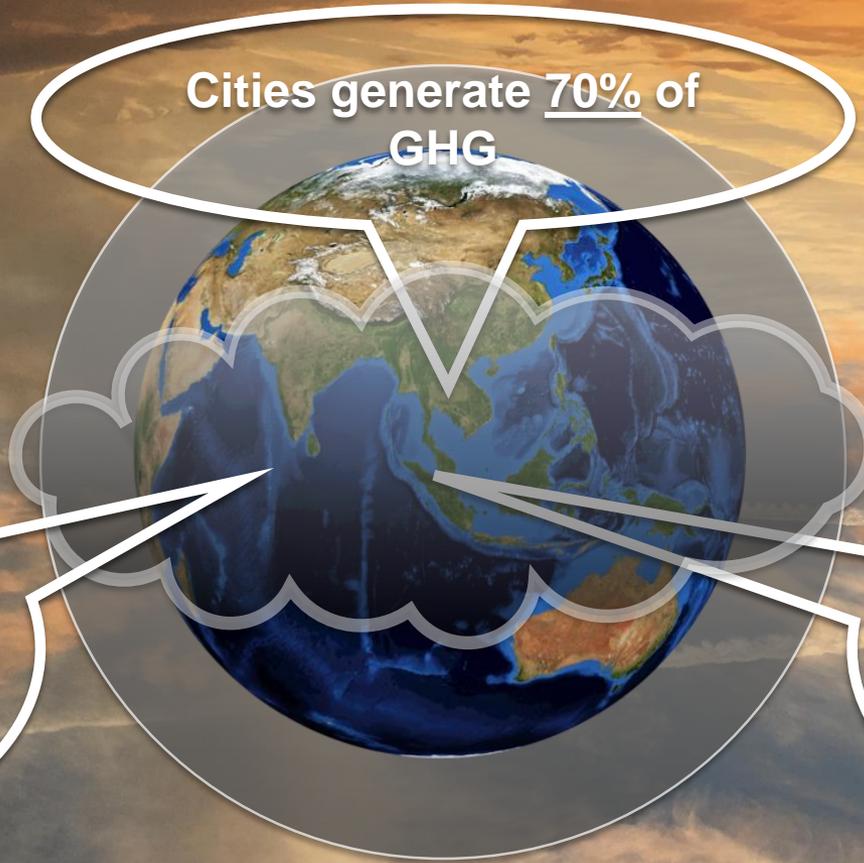

All GBCs operate **net zero tool** by 2030.

Cities

Cities generate 70% of
GHG

Cities
generate 75%
of CO2 mostly
from
Transport &
Buildings

Cities will
house 6 billion
people by 2050
covering only
2% of land

Ideals

A city where

families live and grow together
where there are **no need** for cars

nature abounds

people **interact**

people **enjoy** shopping

people are **healthy**

there is plenty to **eat**

it is **smart**

people are **happy**

people **honour** others

people **love** one another
